

Cut a "scarf" out of white felt and attach around the neck of the bottle. I found some felt that had sparkles in it. I cut small slits in the end to look like fringe on a scarf.

White or Ivory or brown pipe cleaner. Bend it to look like antlers and glue them to the top of the cap.

You'll need to hot glue the pieces on.

Red puff ball nose

Wiggle eyes

I sell these for \$12
