

## Great idea for organizing your foundation samples!!!

I am using the acrylic caddy with the handle in Sec 2 under hostess gifts for \$7.50.

In the sectioned side, I grouped the Matte Beige and Bronze tubes in each end, and put the Ivory in the middle because they fit better there, since there are only 7 Ivory, but 8 each of Bronze and Beige.

In the open, undivided side, we put 3 small gift boxes we just happened to have, to group Luminous Wear Ivory, Beige, and Bronze. Kept Ivory in the middle for continuity. Its is soooo easy to use!
