

Intelliverse

Getting Started Tips

Intelliverse #: _____
Temporary Password: _____
(Once you log in, you can change to a personal password.)

To set up your Intelliverse box:
Call your Intelliverse #
The system will prompt you to set up a personal greeting for your box.

To set up your greeting & retrieve your messages:
Call your Intelliverse #
Once you hear your personal greeting (or a prompt to setup) **press the * key.**
Enter your password
The system will tell you if you have a new message(s).
Press the 7 key to play your messages.

Tip: Always leave one message in your box from Angie so that you can easily respond to her using your Intelliverse account. When you want to send a message to Angie go to one of her old messages that she sent you and press the 2 key to answer/respond to that message. Her previous message will not be sent back to her – just the message that you recorded to her. This is a convenient way to respond back and forth to each other.

Important keys:

#2 (A key) – to Answer
#7 (P key) – to Play
#9 (X key) – to Exit
* key to rewind a message
#1 – to pause
